

**Peter STRATTON
(United Kingdom)**

Board of EFTA-TIC

Professor of Family Therapy at Leeds Family Therapy & Research Centre (LFTRC), University of Leeds.

Editor of Human Systems; Academic and Research Development Officer for the Association for Family Therapy (AFT); Chair of the UKCP research committee.

Represent AFT in the Learned Societies College of the Academy for the Social Sciences; Managing Director of The Psychology Business Ltd.

Current research interests include development of an outcome measure for families in therapy (the SCORE project); the effects of basing training on concepts of active learning and the dialogical construction of self; the relationships of humour and creativity during psychotherapy; attributional analyses of family causal beliefs and blaming; public attitudes to terrorism by combining attributional coding with metaphor analysis; and establishing Practitioner Research Networks.
